Broken layout on Facebook Market

Description
The facebook marketplace page should have the items arranged and spaced so that is easy to browse. This doesn't happen as no spacing is present around the images and the text is broken too.
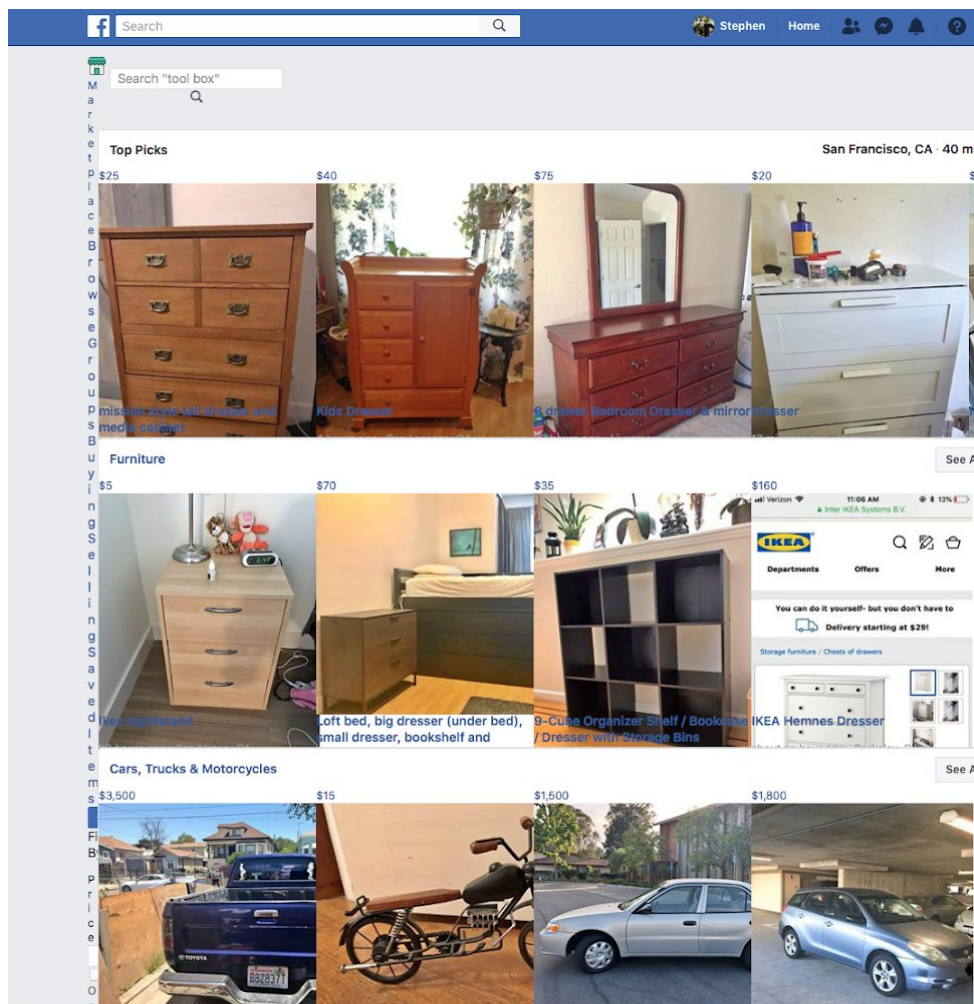

Steps to reproduce
1. Login to facebook
2. Go to Marketplace

Expected result
All items in the Marketplace should have proper spacing between them.

Actual result
Items in the Marketplace page don't have spacing and the text is broken.
